The Hockaday Crest

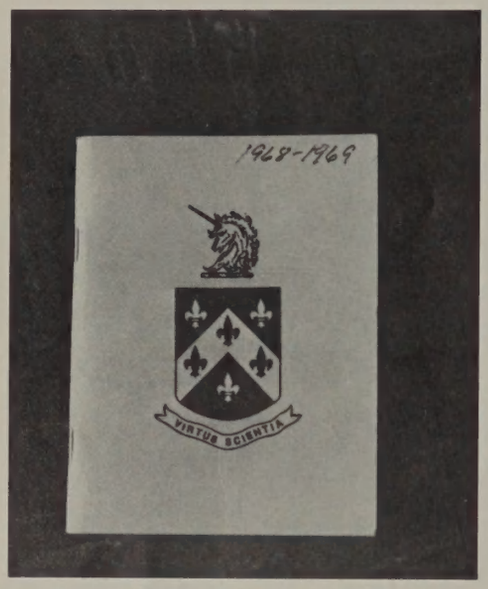
Miss Hockaday had the crest designed for the school during its first years. It was originally very ornate. Over the years though, it has been simplified and as a result there have been several bad versions for the sake of simplicity.

The crest has come to symbolize Hockaday. The Latin inscription, *Virtus Scientia,* courage by means of knowledge, embodies what Hockaday stands for.

Now the crest is used on much of the Hockaday paraphernalia. It can be seen on items ranging from sweatshirts to the flag on Graduation Terrace. Regardless of where the crest is, it will always be a symbol of what Hockaday students are striving for.

Hockaday

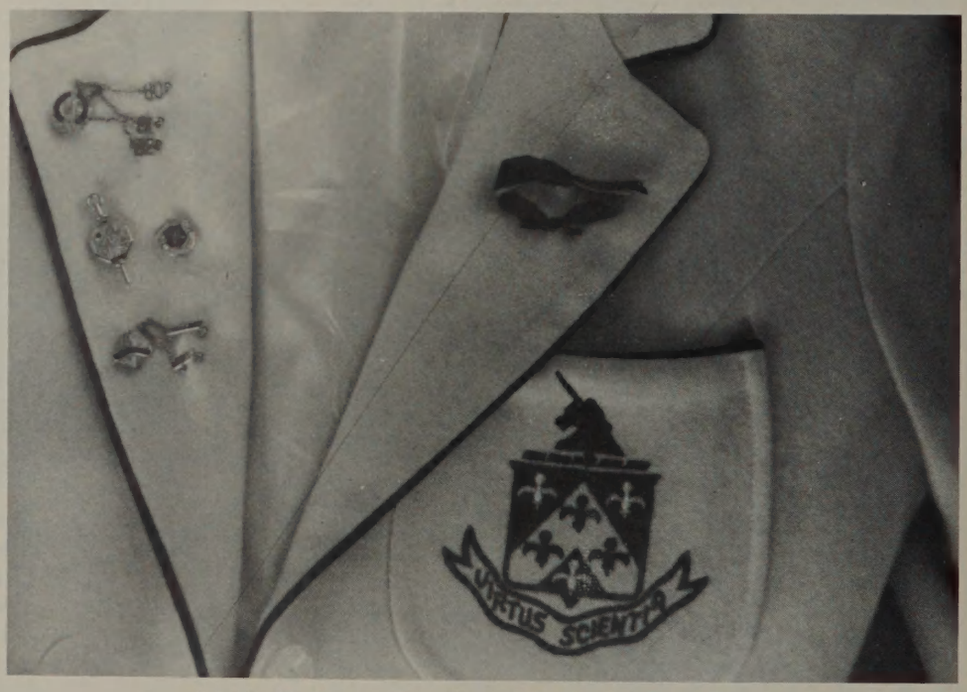
The crest is now used in the Hockaday letterhead.



The official crest of The Hockaday School

This Upper School choir during the 1940's used the crest during one of their performances.

One of the original crests



A senior blazer is just one place where the crest can be found.

Seniors are always willing to show off their rings.

The Hockaday Ring

The Hockaday Ring was first seen in 1918. It was designed by Miss Hockaday and Tiffany's. The Ring was originally awarded to girls on Ring Day who had achieved high merit in citizenship and character.

In the mid '50's this tradition was changed. It was then awarded to all Forth Form girls and 10% of the Third Form. It was assumed that all Forth Formers had achieved these high standards and deserved the Ring. The 10% of the Third Form were chosen by the faculty as an honor.

Now the Ring is worn only by the girls in the Forth Form. It is awarded during a ceremony in May of the Junior year.

The Hockaday Uniform Through the Ages

During the 1920's the girls were allowed to wear these special uniforms on Friday.

The first uniform was a white middy blouse with a green tie and bloomers.

The 1940's brought about a change in the uniform. The girls now wore a white shirt and either a wool or cotton green skirt.

Currently there are different uniforms for various grades. Lower School students wear a white shirt and a green jumper. Middle School students and Upper School underclassmen wear a plaid or green skirt, a white blouse and a green blazer. When a Hockaday student becomes a senior, they are allowed the coveted honor of the white blazer with their uniform.

The Graduating Class of 1919

Graduation

A Hockaday graduation is a spectacular event. Even as far back as 1915 the girls wore white dresses and garden hats and carried baskets of flowers. In the early years the girls could choose their dress and hat. Now the dress is chosen by the class and the hats are the same style but different colors decorated with flowers by each girl.

In 1915, the first graduation, there was only one graduate. Miss Hockaday decided to have Mildred Liebman sit outside under a pergola on the Haskell campus. When the school was moved to Greenville a pergola was built on the new campus. Following this tradition, Hockaday built in 1982 a pergola for the Welch Road campus. The graduating class of 1982 was the first class to continue this tradition of graduation under a pergola.

The Graduating Class of 1982

Even in 1939 the graduates walked under a gladiola arch.

The Campus from 1913

Hockaday's life began on the Haskell campus in 1913 . . .

. . . Six years later, Miss Hockaday moved the school to the Greenville campus . . .

. . . There the library was a main source of activity . . .

. . . as well as Tarry House, a senior's heaven . . .

. . . Many boarders lived in the houses lining Greenville . . .

. . . while Freshman boarders lived in Trent House . . .

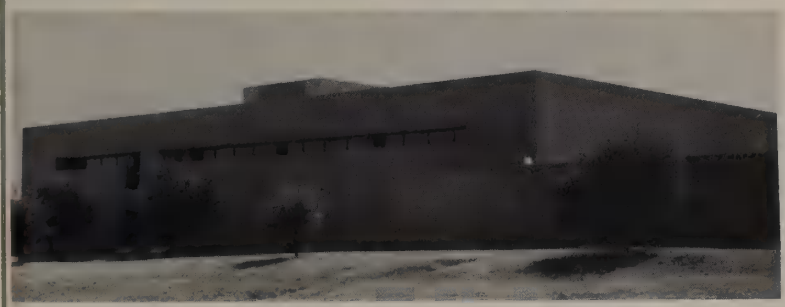
. . . As always Miss Hockaday was improving the campus with new buildings . . .

to 1982

In 1958 Mr. Hoblitzelle donated 100 acres between Welch Road and Forest Lane. During November of 1961, Hockaday moved to its new campus . . .

. . . you can see the present Trent House for boarders . . .

. . . Tarry House is now located directly beneath the Boarding Department . . .



. . . In 1980 Hockaday began its additions with the Athletic Center . . .

. . . From the Welch Road entrance . . .

. . . Now Hockaday is looking forward to the Rita Crocker Clements Lecture Hall Donated by Governor William Clements for Mrs. Clements birthday . . .

The graduating class of 1983 proudly dedicates this edition of the Hockaday Cornerstones to Miss Idanelle McMurry and Mrs. Helen Lorenz. Miss McMurry and the senior class both being freshmen in 1979, have developed a strong affection for each other over the four years. Not only is Miss Mac, as she is known by the girls, an excellent administrator, she is also a true friend and confidante to the students. She is always willing to help the girls with any needs or concerns they might have. The seniors of '83 would like to express their deepest admiration and gratitude to Miss Mac for her hard work and dedication to Hockaday.

For the past two years Mrs. Helen Lorenz has been a Form Sponsor for the Class of 1983. She is continually giving advice, suggestions and sheer support to the seniors in all of the activities they have pursued. The seniors are grateful to Mrs. Lorenz for taking time out of her busy schedule as Head of the Foreign Language Department to become an active member of the Class of '83.

For this the seniors wish to dedicate the annual to Miss McMurry and Mrs. Lorenz.

THE SOLDIER

If I should die, think only this of me;
  That there's some corner of a foreign field
That is for ever England. There shall be
  In that rich earth a richer dust concealed;
A dust whom England bore, shaped, made aware,
  Gave, once, her flowers to love, her ways to roam,
A body of England's breathing English air,
  Washed by the rivers, blest by suns of home.

And think, this heart, all evil shed away,
  A pulse in the eternal mind, no less
    Gives somewhere back the thoughts by England given;
Her sights and sounds; dreams happy as her day;
  And laughter, learnt of friends; and gentleness,
    In hearts at peace, under an English heaven.

Age saw two quiet children
Go loving by at twilight,
He knew not whether homeward,
Or outward from the village,
Or (chimes were ringing) churchward.
He waited (they were strangers)
Till they were out of hearing
To bid them both be happy.
"Be happy, happy, happy,
And seize the day of pleasure."
The Age-long theme is Age's:
'Twas Age imposed on poems
Their gather — roses burden
To warn against the danger
That overtaken lovers
From being overflooded
With happiness should have it
And yet not know they have it.
But bid life seize the present?
It lives less in the present
Than in the future always,
And lies in both together
Than in the past. Then present
Is too much for the senses,
Too crowding, too confusing —
Too present to imagine.
— Robert Frost

It is better to try and fail than never to try at all. For in not trying, you have failed.

I never would have gotten this far
if it hadn't been for you.
Not a far-fetched goal nor a shining
star could have been within my view.
You might have been a selfish pair
who let me go run wild.
But instead you said,
"I love you, don't forget, you're
a gifted child."
I'll never forget those words that
were worth their weight in gold,
As I carry them inside my heart and
try to fit your mold.

DON'T QUIT

When things go wrong as they sometimes will,
When the road you're trudging seems all up hill,
When the funds are low and the debts are high
And you want to smile, but you have to sigh,
When care is pressing you down a bit,
Rest, if you must, but don't you quit.
Life is strange with its twists and turns,
As everyone of us sometimes learns,
And many a failure turns about
When he might have won had he stuck it out;
Don't give up though the pace seems slow,
You may succeed with another blow.
Success is failure turned inside out —
The silver tint of the clouds of doubt,
And you can tell how close you are,
It may be near when it seems so far;
So stick to the fight when you're hardest hit —
It's when things seem worse that you must not quit.

If you have love in your life, it can make up for a great many things you lack. If you don't have it, no matter what else there is it's never enough.

Kathryn

We've got but one shot at life
Let's take it while we're still not afraid
Because life is so brief
And time is a thief
When you're undecided
And like a fistful of sand
It can slip right through your hands.

I don't expect my love affairs to last for long
Never fooled myself that my dreams will come true.
Being used to trouble, I anticipate it
But all the same I hate it — wouldn't you.
Time and time again I said that I don't care
That I'm immune to gloom.
Every time it matters all my words desert me
So anyone can hurt me —
And they do.
So what happens now.

FOOTPRINTS

One night a man dreamed
He was walking on the beach with the Lord.
As scenes from his life flashed across the sky.
He noted two sets of footprints —
One belonging to him, the other to the Lord.
Looking back as the last scene passed by him
He noticed that many times along the path
There was only one set of prints —
Always at life's lowest, saddest times.
Dismayed he asked, "Why, Lord?"
You promised that once I decided to follow you
You'd walk with me all the way.
Why, at the troublesome time of my life
Is there only one set of footprints?
Why in the time when I needed you most would you leave me?
The Lord replied, "My precious, precious
child, I love you and I would never leave you.
During your times of trial and suffering
when you saw only one set of footprints —
That was when I carried you."

Make new friends, but keep the old;
Those are silver, these are gold
New-made friendships, like new wine,
Age will mellow and refine.
Friendships that have stood the test
Time and change — are surely best;
Brow may wrinkle, hair grow gray;
Friendship never knows decay.
For 'mid old friends, tried and true,
Once more we reach and youth renew
But old friends, alas! may die.
New friends must their place supply.
Cherish friendships in your breast
New is good, but old is best;
Make new friends, but keep the old;
Those are silver, these are gold.
— Joseph Parry

Today's not the first
nor the last
nor the best
that you and I have known
The first never was
the last never will
the best may have come and gone

I'm not the first
nor the last
nor the best
to ever have loved you so

If the first and the last
have come and gone
the best you may never know.

Do not make me walk in front, because I may not lead. Do not make me walk in back, because I may not follow. Just walk beside me and be my friend.

It's no use mumbling
It's no use grumbling
Life just isn't fair —
There's no easy days,
There's no easy ways,
Just get out there and do it!
So smile when you're making it.
Laugh while you're taking it,
Even if you're faking it,
Nobody's gonna know.
O lucky man.

Why should we be in desperate haste to succeed, and in such desperate enterprises? If a man does not keep pace with his companions, perhaps it is because he hears a different drummer. Let him step to the music which he hears, however measured or far away.

I love you not only for what you are, but for what I am when I am with you. I love you not only for what you have made of yourself, but for what you are making of me. I love you for the part of me that you bring out. I love you for putting your hand into my heaped-up heart, and passing over all the foolish and frivolous and weak things which you cannot help dimly seeing there, and for drawing out into the light all the beautiful, radiant belongings that no one else had looked quite far enough to find. I love you because you have done more than anyone could have done to make me happy. You have done it just by being yourself. Perhaps that is what being a friend means after all.

They're great!

The Road Not Taken

Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;

Then took the other, as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that, the passing there
Had worn them really about the same,

And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.

I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads divered in a wood, and I —
I took the one less traveled by,
And that has made all the difference.
— Robert Frost

I expect to pass through this world but once. Any good thing I can do or kindness I can show to any fellow human being let me do it now. Let me not defer nor neglect it, for I shall not pass this way again.

Headmistress

In her fourth year as Headmistress of Hockaday, Miss Idanelle McMurry has accomplished a lot for the school. This year, her main goals were to develop the plans for further facility expansions for the Lower School, Fine Arts Department, the cafeteria, and especially for the new science building. In addition, she has emphasized the need for the preparation of a 10 year accrediting program that the teachers will undergo. This preparation calls for the learning of new techniques and experiments of computer technology. She hopes that the computer will become a vital part of daily teaching in the classrooms in the future. Miss McMurry has been very dedicated to our school by attending various school activities like the drama productions and athletic games. We are grateful for her support and all the work she has done for Hockaday.

Assistant Headmistress

In her second year as Assistant Headmistress, Miss Mary Kesler continued to strive and work diligently to fulfill her role as Assistant Headmistress and to create the kind of atmosphere that she believed in. As Miss McMurry's assistant, Miss Kesler works in three main areas; Residence, Admissions, and Guidance and Counseling. In these areas, she proved to be a beneficial asset by attending meetings, hostessing visitors, and handling faculty concerns when Miss McMurry was unavailable. Miss Kesler also worked on improving the quality of life for the residence students by creating a productive and enjoyable atmosphere. Another primary concern of hers was to not lose the valuable student contact which she has had in the past. Miss Kesler wanted to be involved in all student activities, and her involvement was greatly appreciated by both students and faculty.

Head of Upper School

In his second year as Head of Upper School, Mr. Lee Gaillard has proved to be a capable and understanding administrator. At the beginning of the year, he stressed the importance of using one's conscience — not only in the sense of being right or wrong, but also the awareness of using knowledge. Yet, he thinks knowledge should not be used overwhelmingly. He feels that everyone should think of others and be sensitive to the environment. In addition, Mr. Gaillard teaches the English Class, "Man's Enduring Spirit" (Tragedy). He also shows interest in each student, especially by attending the Senior Trip, sport games, and the dances. Mr. Gaillard has proved to be an excellent leader, and we are lucky to have him as our Head of Upper School.

HEAD OF MIDDLE SCHOOL

Miss Karen Drawz, the head of the Middle School, has been a part of Hockaday for four years. Throughout this year, Miss Drawz has stressed the importance of working as a team. She strongly believes that harmony and spirit are necessary to make Hockaday a rewarding experience. The girls participated in many different activities throughout the year, such as sport competitions between the green and white teams and the eighth grade musical. Miss Drawz has guided the Middle School through these and other activities very successfully. And by means of these activities, she has achieved the harmony and spirit which she has always strived for. We are all very grateful for the accomplishments and improvements that Miss Drawz has brought to the middle school.

HEAD OF LOWER SCHOOL

As the head of the Lower School, Mrs. Marion Crume guided her teachers and staff through another very successful year of making the Lower School student's beginning experiences at Hockaday fun, memorable, and worthwhile. While continuing the treasured traditions of the past, improvements such as the expansion of special music classes to include Preschool through Third Grade, and the expansion of computer instructions to also include all Lower School students were added. In addition, new, fully equipped A-V Learning Centers were set up in all Lower School classrooms, and the instruction of Suzuki violin was offered as an option for the first time. We are very lucky to have someone like Mrs. Marion Crume who is dedicated enough to be constantly trying to make the student's beginning years so special.

DANCE WORKSHOP STEPS OUT IN STYLE

Dance Workshop was a huge success again this year. Hockaday's most outstanding dancers once again managed to enchant us all with their exciting dances. In assemblies at Hockaday and St. Mark's the girls performed numbers they choreographed themselves. They also did a beautiful job at Dad's Dinner where they danced to tunes from the '40s.

Mrs. Harrison's art students were busy once again this year. Not only did they practice painting and sketching, but they also explored the complexities of form and color. Several displays of student's art work continually graced the fine arts wing where they were enjoyed by all.

The National Forensic League was hugely successful again this year under the guidance of their new coach, Mrs. Nancy Walker. Competing in state wide tournaments the team captured individual, team, and sweeps awards. Varsity debaters competed at national circuit tournaments at Harvard University and elsewhere. Led by president Carrie Crenshaw, the squad also hosted an enormous TFAA qualifying tournament.

Back to School . . .

Summer at an end, students returned to school with great enthusiasm for the upcoming school year. Welcoming Committee and Orientation groups greeted the new girls to the Upper School with a fun picnic and The Wizard of Oz play. The new girls were quickly accepted into the Hockaday society and the school year was on its way!

Senior Activities Committee — (L to R) Kati Kaukonen, Kim Banks, Amy Bramblett, Julie Kutner, Mr. Ed Long (sponsor), Jerri-Ann Young, Karen Kendrick, Alison Gaylord (chairman), Melinda Maguire, and Laurie Vial.

Unicorn Day was established this year as a type of spirit day. It was a day on which each of the girls was to try to get to know a little bit more about the history of Hockaday, and in particular about our mysterious school emblem, the unicorn. A real unicorn even came to visit the campus which led to a great deal of excitement and participation in the contest.

Big and Lil' Sisters

The basic Hockaday Tradition of big and little sisters is one that attempts to assign a senior to take care of a freshman and make her transition into Upper School a smooth one. This has resulted in many close, long-lasting relationships as well as an easy adjustment for the freshmen. This year especially, the seniors and freshmen have become quite close.

Camp Tres Rios — An Experience

Miss Mac and other seniors watch the exciting kickball game.

Early in September, the Hockaday seniors boarded a bus for an experience they would not soon forget. Camp Tres Rios was the less than desirable location for this senior trip. What the camp lacked in condition, the girls were more than willing to compensate for in participation. Kickball, swimming, computering, meetings, singing, and dancing kept the girls quite busy. The result was a definite unification of many individuals into an enthusiastic, coherent senior class.

Pep Rallies . . . and

The St. Mark's pep rallies, held on Friday afternoons, were cheering sessions to stir up and excite both the Hockaday fans and the St. Mark's players. These have promoted a great deal of spirit and enthusiasm which undoubtedly led the Lions to a successful season. Also as a result of these many more Hockaday girls have supported the lions by attending their games.

Halloween has traditionally been a festive holiday on the Hockaday campus. With the seniors dressed in everything from witch's hats to football helmets, the spirit remains high throughout the day. Blood Drive

The 1982 Dad's Dinner was a smash hit. The evening began with the students arriving at 6:30 to have their pictures taken. Then it was on to the cafeteria for a delightful meal. After dinner the girls were escorted by their fathers to the small gym to enjoy the Variety Show and dance to the sounds of a 1940's band.

The Variety Shows Comes Alive

For the first time ever, the Variety Show was not held in the auditorium. This year the Choir and Dance Workshop performed in the small gym in a floor show-like atmosphere. This enabled the girls and their fathers to dance to a 1940's band between numbers.

The Fine Arts' Board selected a black and white 1940's theme for this year. As you walked into the gym, Clark Gable and Carole Lombard were standing in front of a lighted fountain that was spouting bubbles. Black and white balloons filled the gym as did huge black and white instruments and notes. The festive decorations were just one aspect of the evening that made this Dad's Dinner so wonderful.

Student-Faculty Game

Every year the Community Service holds a game between the Faculty and the Students in order to raise money for charity. This year's match was one of pillow polo. Can-Paign

The St. Mark's Can-paign has for many years included Hockaday in its drive to collect cans. With Hockaday's help the collection surpassed 40,000 cans, making it the most successful can-paign ever. Because of the silent auction, Hockaday donated more cans than in the past, and the seniors won a day to wear "civilian" clothes.

A shoulder to cry on, and ear to bend,
Money to borrow, clothes to lend,

Friday night movies, afternoon walks,
Being together, our private talks.

Mending our hearts, crying those tears,
Planning our futures, voicing our fears.

Our memories together, may they never end,
Always together, FOREVER FRIENDS!!!

Cary - Elisa,
Thanks for being such a great big sis! I'll miss you next year.

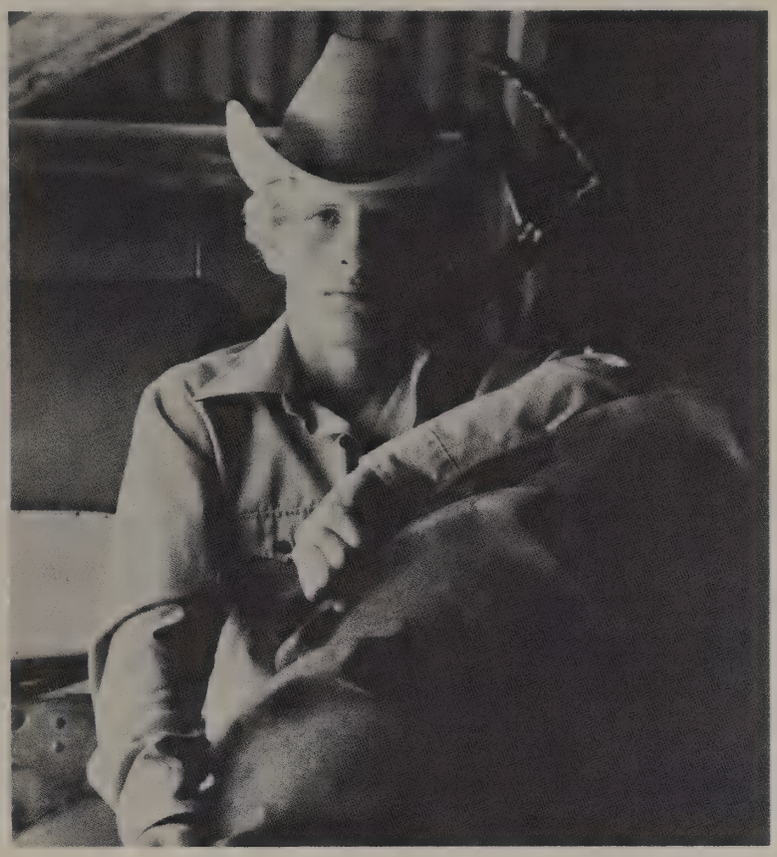
"See You at the Top"
Mom, Dad, and Margie



This 16 year-old is experimenting with a hybrid wheat he has discovered to have greater hardiness during seasons of drought or heavy rain, to give greater yield and to provide better grazing for cattle. His name is Paul Reiter, and he has persuaded his father to plant the new hybrid next spring.

There are those who say we have squandered our resources, and we are the last that will ever again enjoy the quality of life we have come to take for granted.

Certainly the problems of energy, population, pollution and metropolitan strangulation are real. But such is the rhetoric of despair that it blinds us to what has always been our greatest resource. The young, and their ability to come to grips with the future.

All around us are the seeds of a new beginning, if we have eyes to see. For here are young people of incredible ability, eager to rethink the world and transform it.

Here is where the future is; and here is where we want to be.

Because if there is any point in building for tomorrow — literally, the business of Lomas & Nettleton — it lies with the children.

We took you for granted
All those years as you grew
From Snoodle to the young woman
In the, "Lisa, telephone!" call.
But we only borrowed
All that sunshine and delight
And now it is time for you
To do what you were born for —
Leave. And learn and live,
And we will continue to love you
Until time runs backwards.
Thank you, Lisa, for being you.

WE MAKE A BIG DEAL OUT OF THE SMALLEST THINGS

From small beginnings we've built the Southwest's most complete photographic processing laboratory. Our standards for dependable quality and personal attention given to every job have made us what we are today. We take pride in our capability to do the best for you whether you're bringing in a small film processing order or a large commercial printing order. ◇ Our services include everything from processing film to special printing; including, color, black & white, display transparencies, retouching & airbrushing. We can even take your small 35mm slide and enlarge it to wall-size for a photomural or poster. In addition, we have an audio visual department with computerized slide equipment to produce high-resolution, multi-color slides of your special designs, logos or type. ◇ The next time you think someone should make a big deal out of your order come to The Color Place and get the attention you deserve.

We use Kodak paper... for a good look.

We'll Be Together Throughout Eternity

The time has come
I realize
As I look back over
the times we shared
the times we cared
And I think to myself
Is this the end?

As we're sitting here together
In this place
And I see the look on every face
The thought of breaking up
is getting hard to bear.
But deep inside I know the spirit's there.

Because the spirit is the reason
it's hard to leave each other,
We'll lift our eyes so proudly and
remember the times we've spent.
So if you feel your heart cry
I hope by now you'll see
that we'll be together
throughout eternity.
We know the group is soon to end,
All the things we've done and places we've been
will fade away to
memories we are fondest of
But because of our spirit
We'll always be one in love.

Dear Karen,

I really admire you for a lot of things. Have you seen the notes that some people rote me? Anna Y. wrote a note upside down. Were are you going this summer? I'm going to camp and maybe the Bahamas. Are you coming to Hockaday next year? I propably am. Do you like any boys? I do. I like a boy by the name of Tod. He's really popular at my old school and probably ~~too~~ is not very crazy about me were just friends. I just did a math ~~at~~ project with him last year. I wish you could go to camp with me we could really have a lot of fun. You really are my best friend at Hockaday. I'll remember you all summer. So see you next year. I'll miss you.

Love
Your friend
Anna Shafir

P.S. Read this in the summer only when you're bored.
